

## Semester 2 kicks off

Hey Everyone,

Welcome back to uni, as we now kick off semester 2 (the greatest of all the semesters).

We have a great program of activities planned for this semester, from BBQ's, Pub crawls, some interfaculty events, games and fun nights, and of course some of our larger events such as the cruise and the annual Engineering Ball to be held later in september.

So keep an eye out here (at [sueua.com](http://sueua.com)) and of course our facebook page, as well as you email inboxes to keep up to date with all the amazing stuff we have planned.
